

## I Spy With My Little Eye

### Objectives

- To have fun
- To practice oral/aural skills

### Outline of Game

“I spy” is a [guessing game](#).

1. One player chooses an object that they can see and says, "I spy with my little eye something beginning with ...", naming the first letter of the name of the object.
2. Other players have to guess the chosen object until someone guesses correctly.

For example:

A child says that they spy something with their little eye beginning with “C”. The other players in the game suggest objects they can see that begin with “C” until they guess the object the first child is thinking of.
